

To our valued League Representatives;

I hope you and your families have stayed safe during these unprecedented times. It has been very challenging but through this Planet Ice has been working hard and became an industry leader in North America on re-opening facilities in a safe and responsible manner. Currently in British Columbia we have 7 ice sheets open and shortly another 3 will come online. With strict restrictions and support from our players, guardians & skill providers the youth within our communities are back playing the game we all love!

We are now focused on getting our adult players back in the facilities and on the ice. As we continue to look at different options, as more information becomes available daily, please email the League Coordinator at your facility any questions, comments or ideas on how you would like to see adult hockey shape up for the 2020/21 season. We have a very passionate group of Team Reps and we appreciate your feed back.

Stay safe and we look forward to seeing you at Planet Ice in the near future!

Thank you.

Chris Herie – League Coordinator, Planet Ice Delta
